Desa Gelok mulya, RT 05 Rw 01, Kecamatan Semberjaya, Kabupaten majalengka, jawa barat

I started learning UI/UX Design in 2021 when I was doing an internship, I got my first job as a UI/UX Designer in 2022, then I started learning Laravel programming in the same year because I was curious and I had the goal of becoming a Fullstack Developer. I graduated from Indramayu State Polytechnic majoring in information engineering, currently I have mastered several skills at once, namely UI/UX Design, Graphic Design, and Web Developer. where now I can create a website design and code it using Laravel and deploy it to the server.
